

# Grateful in Texas

Each November, Texans take time to reflect on their blessings and give thanks for the people and communities that make our state strong.

At TALHI, we too are grateful to be part of the Texas family and for the opportunity our members have to help Texans protect what matters most.

## A Source for Texas Strength

This season of gratitude reminds us why our work matters: providing peace of mind and financial stability to families, businesses, and communities across our state. From the hundreds of billions of dollars our industry contributes to the Texas economy, to the billions of life insurance and annuity benefits paid to families each year, we are proud to be a source of long-term strength and support for Texans.

## Thankful for Your Service

We are especially thankful for those who dedicate their time and talent to serving our state. Your commitment helps make Texas a place where families can thrive and plan confidently for the future.

## Committed to Texas

Whether it's security for the future or help during life's unexpected challenges, we remain committed to being there, today and for generations to come.

From all of us at TALHI, we wish you and your family a happy, safe, and blessed Thanksgiving.
